Subject: Official USPTO Notice of Design Search Code: U.S. Trademark SN: 86440740: Miscellaneous Design

Docket/Reference Number:

The USPTO may assign design search codes, as appropriate, to new applications and renewed registrations to assist in searching the USPTO database for conflicting marks. They have no legal significance and will not appear on the registration certificate.

DESIGN SEARCH CODES are numerical codes assigned to figurative, non-textual elements found in marks. For example, if your mark contains the design of a flower, design search code 05.05 would be assigned to your application. Design search codes are described on Internet Web page <http://www.uspto.gov/tmdb/dscm/index.html>.

Response to this notice is not required; however, to suggest additions or changes to the design search code(s) assigned to your mark, please e-mail TMDesignCodeComments@USPTO.GOV. You **must** reference your application serial number within your request. The USPTO will review the proposal and update the record, if appropriate. For questions, please call 1-800-786-9199 to speak to a Customer Service representative.

The USPTO will not send any further response to your e-mail. Check TESS in approximately two weeks to see if the requested changes have been entered. Requests deemed unnecessary or inappropriate will not be entered.
